

Small. Light. Compact. Connected.

Now that's

nimblTM

Lymphedema treatment that lives up to its name.

Tactile
MEDICAL[®]

The Nimbl pneumatic compression device (PCD) is a 60-minute daily treatment designed to provide relief for your lymphedema.

Nimbl applies a gentle squeezing action that directs lymphatic fluid away from the affected area toward healthy, functioning regions of the body where it can be naturally absorbed and eliminated.

**WHAT PEOPLE
ARE SAYING:**

It's really easy to tuck Nimbl away so it's out of sight.

Lymphedema treatment in a small, compact package suited to your lifestyle —
so you can more easily manage your condition on your terms.

User-Friendly

Compact design weighing less than 2 pounds with a simple, two-button interface for easy operation.

Easy to Tuck Away

Controller is the size of a hardcover book, making it easy to store after treatment or pack in an overnight bag.

Comfortable and Effective

Unique inflation and deflation provides a more comfortable treatment while maintaining clinical results.

Remove Quickly with Active Deflation

Active deflation helps you remove your garment quickly so you can store Nimbl fast and get on with your day.
